THE FUTURE OF THE LIBRARY

The year 1964 promises to be rich in new developments for the American Library in Paris.

Most important, we are on the point of acquiring a new home, and it seems likely that we shall own our own walls for the first time in our 44-year history. All is not quite settled yet, but when it is, we shall start to recondition our new building and, hopefully, be ready to move in by November. Financing the operation is difficult. We shall have an indemnity from our present landlords, who are evicting us, and we shall sell a large part of our proudly-accumulated Endowment Fund. We hope, too, for the growth of the new Building Fund, towards which we have already raised $12,590 from friends in Paris. The satisfaction of being in a permanent home will be great, and then we shall start to accumulate a new Endowment Fund through the gifts and legacies of friends in Paris and in the United States.

The abandonment of the U.S. Information Service cultural program throughout provincial France puts a heavy burden on our Paris Library and on our four branches in Toulouse, Montpellier, Grenoble, and Nantes. Previously, these libraries had been operated by us under contract to the U.S.I.S., but the contract payments have already been reduced by half. Despite this, we are determined to maintain our provincial libraries, which serve 3,000 borrowing members and circulated 91,264 books and magazines in 1963. We hope that increased giving will help us to meet these new charges.

Progress has been made on the plan to make correspondence courses for the study of English available to French blind in Braille and on records, in co-operation with the Hadley School for the Blind in Winnetka, Illinois. We expect that we shall be able to open up this new horizon to blind students before the end of the year.

American Representative,
Mrs. John G. McCarthy
"Libraries are not self-supporting ..."

In 1963, our expenses amounted to $90,815.25. Of this sum, $56,456.07 went for payroll; $13,043.26 for building and other operating expenses, $7,506.37 to maintain our New York office; $2,111.19 for the operation of our Toulouse and Nantes branches for the last three months of the year, and $11,690.85 for the purchase of books and magazine subscriptions.

On the income side, borrowers' fees, fines, and partial refund of expenses incurred for the operation of our branches in the provinces brought in $35,386.89; and our income from investments was $10,598.12.

This left $44,830.24 to be raised through donations and special projects. Fund-raising in Paris brought in $17,287.49, and in the United States, $19,055.54, for a total of $36,343.03. The gap between what we needed to raise and what we did manage to raise, $6,487.21, was filled by reducing the surplus with which we opened the year.

However, even in a difficult year, we did not neglect our Endowment Fund. To the General Fund, we added $1,766.00; the newly-created Building Fund received $12,590.00. As of December 31, 1963, the book value of these two parts of the Endowment Fund stood at $233,290.71.

† Contributed to Benefit

Gifts will be considered cumulative. Thus persons contributing $100 or over will advance to the next highest classification of membership when their accumulated donations reach the amount of that category.
