## A Year Worth Celebrating—Thanks to You

In 2024, you—our readers, members, and supporters—enriched the Library as a hub of learning, conversation, and community. Together, we welcomed the Librarian of Congress, spoke with Pulitzer Prize-winners, held our first multidisciplinary festival, hosted a roaring 1920s party, introduced board games to the collection, and shared countless other unforgettable chapters.

The capstone was the launch of [Vision 2027](#), our strategic plan illuminating the Library's path ahead. Centered on four key streams of action—Illuminate, Champion, Empower, and Ignite—the plan focuses on strengthening connections with both local and global communities, fostering engagement, and expanding access to Library services.

Thank you for being part of our vibrant community. As an independent nonprofit, we rely on your support to keep the Library's mission alive. As the year draws to a close, please consider making a year-end gift to help us continue fostering this shared space of discovery and connection.

### Here's more on what made 2024 such a special year:

In 2024, the Library continued to grow as a hub for learning, connection, and cultural exchange. Programs like **Reverberations**, our first multidisciplinary festival, and the theme of The Art of Play in the spring encouraged members to explore creativity and new ideas in unexpected ways.

The [Visiting Fellowship program](#), generously supported by The De Groot Foundation, welcomed six incredible Fellows, Writers-in-Residence, and Scholars-of-Note—including Stacy Schiff, Adam Shatz, Patricia Lockwood, Christian Campbell, Vanessa Onwumezi, and Tess Lewis—who brought unforgettable conversations to the Library.

In the spring, the [Annual Gala Dinner](#) brought together Library supporters for an unforgettable evening with Guest of Honor Maureen Dowd. Our history tours became one of the Library's most popular offerings, drawing in participants eager to explore the Library's storied past. This year also saw the launch of our first Board Game collection.

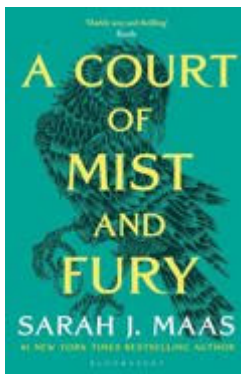

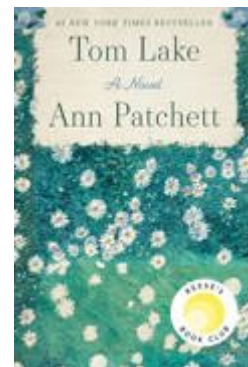

This fall, we celebrated the [2024 American Library in Paris Book Award](#), honoring Adam Shatz for his outstanding work, *The Rebel's Clinic*. The evening included a special address from the Librarian of Congress, underscoring the vital role of libraries in building community.
